Community Investment Fund Mini-Grant Application

Please note: Community Investment Funds are to be used for inclusive projects or programs that help people with disabilities live, learn, work, and/or play in their communities. “Inclusive” means people with disabilities participating together alongside people without disabilities. (Merely having staff or volunteers without disabilities does not make a project inclusive.) People with disabilities should be included from the earliest stages of proposal development. Activities in segregated settings (people with disabilities separated from people without disabilities) will not be considered for funding. The Rural Institute reserves the right to re-open the application process if no proposals meeting the funding criteria are received.

Prospective applicants are strongly encouraged to view the March 1, 2016 “What’s the Buzz about Inclusion?” and/or the January 24, 2017 “Inclusion: We All Benefit” archived webinars prior to applying for the Community Investment Fund. The webinars are available on the Transition and Employment Projects Training page: [http://transition.ruralinstitute.umt.edu/training-events/](http://transition.ruralinstitute.umt.edu/training-events/)

Due to University contracting requirements, successful applicants will be required to have liability insurance and either Workers’ Compensation coverage or a Workers’ Compensation exemption certificate.

Important application instructions: Please do not change the application format, add pictures or other graphics, or include additional materials.
